AND SO MUCH MORE!

Studio Technologies Live-Link 3G-CA-CR-055

Video, Audio, Intercom & Data Bi-Directional over 2 Fibers

EVS XT3

6 Channel recording technology with MADI capability. 350+ hours of HD storage, perfect for editing and archiving. Supports SD, HD, UHD & 4K

Camera Corps Q-3

20 x optical zoom, Angle of view 59.4 wide and 3.0 tele. +42db Max gain.

Internal / External Sync. Multi format.

Sony HD 1500

Multi Format recording (1080/50i, 1080/59.94i, 1080/59.94P, 720/50P)

Excellent signal to noise ratio of 54 DB

LAWO MC2-56

Mc 256 Mixing console with 48 fader. Compact, flexible, versatile.

Yamaha DM2000

96 Inputs and 22 bus mix capacity. An ideal platform for surround production.
Versatile mixing and pairing functions enhancing mixing efficiency

Dejero GO BOX

Live HD Web Streaming capability. Cellular up to 6x 3G/4G/LITE

Audio and Video Encoding with multiple video formatting

Inspire 1 Pro

HD or 4K Video, 12 Megapixels Camera, 3 axis 360 degree Gimbel with stabilizer.

2 KM communication range. Aerodynamic transforming design with intelligent power management system. Live map and radar with HD View.

SONY MVA-3000A

The Sony MVS Switcher brings top-end performance to a mid-range switcher. Equipped with internal frame memory, two fully configurable multiviewers, full RGB colour correction on all inputs and aux bus outputs and much more

ROSS 4801-AR-222 Crossover

Dual 10 input multiviewer, Media Wipes animated transitions, memory AL recall to preview.

LANCE DESIGN Commentary System

Easy, compatible, multipurpose commentary system ideal for remote and central commentary positions

Pro Bell Audio and Video Router

64 x 64 channels of AES Audio, 34 Channels of HD Video, Networked for easy operation. Engineers available upon request.
